1.	comment. The troop train was confirmed by another source. . Units of the 11th Gds Tank Div (the unidentified tank training battalion?) probably moved from the Nachrichten Schule at Koenigsbrucck (1521) to Dresden.	25X1
2., [Comment. The trains probably are identical with the troop trains	25X1 25X1
3,[Comment. These troop trains probably belonged to the rail movement in conjuint with a reorganization of the southern ground attack division.	25X1 25X1 25X1
4.,	Comment. At present, only KVP units are held at Weisswasser.	25X1
5,	Comment. The troop trains carried the fighter regiment Brand to Altenburg where the unit replaced the fighter regiment Altenburg which transferred to Does beritz.	25X1
6	Comment. The troop train belonged to the 8th Gds Mech Div. Two other source contirmed that, in 1954, only individual components of the division rotated between Grimma and Koenigsbrueck.	25X1
7	Comment. The troop train carried an engineer unit probably to Lieberose. The vehicle numbers do not indicate whether the unit belonged to the Fourth Gdz Mech Army or 7th Gds Mech Div.	25X1
